## Audit Results

Risk Level:

Weakness

Low

Medium

**High**

Critical

1

The owner can to modify a 'tax fee' and a 'liquidity fee' to any percentage at any time

2

This might deter investors as they could be wary that these fees might one day be set to 100% to force transfers to go to the owner

3

The owner has the ability to use the lock function in order to set ownership to address(0) at any time

4

This can be used in a nefarious way by the project team to restore ownership and change fee structures

**We strongly recommend that DeFiSportsCoin conduct Full Token Security Audit to ensure trust in the team as they have notable control within the ecosystem**
