1

The owner can to modify a 'tax fee' and a 'liquidity fee' to any percentage at any time

2

This might deter investors as they could be wary that these fees might one day be set to 100% to force transfers to go to the owner

3

The owner has the ability to use the lock function in order to set ownership to address(0) at any time

4

This can be used in a nefarious way by the project team to restore ownership and change fee structures

We strongly recommend that DeFiSportsCoin conduct Full Token Security Audit to ensure trust in the team as they have notable control within the ecosystem
